

**Q & A Guide to Spiritual Euphoriant**  
**Joseph D. Smith**

## **[What is Spiritual Euphoriant?]**

Spiritual Euphoriant is the religion of those who constantly seek euphoria, a sense of well-being; and the only way to satisfy this thirst is to frequently channel or connect with your Inner-Light.

### **[What is the Inner-Light?]**

The Inner-Light is like the Holy Spirit, or the Ultimate Reality, or even the Christ Conscious. It is your core energy, the innermost blissful part of your being!

**[What is the difference between the Holy Spirit, and the Inner-Light?]**

The Holy Spirit is Jehovah's (God's) energy in Christianity, which the only being that is capable of using it is Jehovah himself. Although the Spiritual Euphoriant channels and draws upon the Holy Spirit for it's intoxicating affects!

**[What does the intoxication of Spiritual Euphorants feel like?]**

You will feel loopy, high, or like nothing else matters just because you are feeling so blissful,  
so peaceful, and so happy or orgasmic!

### **[What Constitutes As A Spiritual Euphoriant?]**

Good question! A Spiritual Euphoriant is intoxication brought about by intense introspection, or the connecting inward toward your Inner-Light. Consuming the Holy Spirit for the purpose of intoxication, and absolute bliss!

**[What inspired the word for your religion, Spiritual Euphoriant?]**

A euphoriant is any chemical, drug-substance, or any experience that gives one a sense of well-being without any real reason than you are just happy and blissful, living in the moment. So, if you add 'Spiritual' to the equation, you get a whole new type of euphoriant that relies only on intoxicating yourself with blissful energy sources.

### **[How Do I Obtain The Spiritual Euphoriant?]**

The Spiritual Euphoriant is nothing but a source of powerful, and perpetual energy, which when channeled or connected to it, will cause the euphoria. This energy can be quite like the Holy Spirit, yet our interpretation of it is simply a ball of love and light.

### **[How Do I Channel This Energy?]**

You imagine that there is a solid, white and glowing ball of energy inside of your heart, then you imagine that you are being filled with this energy, as if you feel drunk or high. That is the whole purpose of Spiritual Euphoriant!

### **[Is It Safe?]**

The practice of Spiritual Euphoriant is very dedicated, committed, and devoted to constantly staying intoxicated with our Inner-Light. The Inner-Light, as mentioned is accessible only through deep introspection, or looking deep inside.

This practice won't kill you, but you will have to keep your promises, and take care of all your responsibilities. It is possible that one with seizures may have a harder time with this practice, as the nerves are all filled with an excessive amounts of Serotonin, or Dopamine.

But in general, the practices of Spiritual Euphoriant are very safe, effective, and enjoyable!  
This may be habit-forming however.

**Stay safe!**
